Nancy Sauers Office Administrator/Accounting

FTL

Our fleet database includes: Flatbeds, Step Decks, Double Drops, RGNs, Vans, and reefers. Our owner operators and carrier network allow us to handle any shipment. We have been the recipient of many accolades, including multiple Tropicana Midwest Carrier of the Year awards. Your freight is in experienced hands.

LTL

- ◆ Our manufacturing side is over 100 years old, so we have long standing LTL pricing with our core carriers that goes back decades.
- ◆ Companies are led to believe that going directly through a LTL carrier they will get the best pricing. However, we leverage our large volume of LTL shipments to get better discounted pricing for our customers.
- ◆ Daily updates on where your LTL shipment is & we pickup and deliver on time
- ◆ HG Logistics handles all claims and any pricing discrepancies
- ◆ Most shippers do not always know the class and NMFC for their shipment, so this is where our LTL experience is a benefit
- ◆ We assess and select the best carrier for your particular lane
- ◆ Time is Money, WE Save You Both
- ◆ LTL is one of the most complicated modes of transportation, and our skilled LTL team takes the guesswork out of the equation. When you have to worry about freight class, weight, routing, rates, packing, documentation, and a million other details, it quickly becomes overwhelming to manage. Unsure of your freight class? Uncertain about how to create a bill of lading? Let us help you out with the best LTL shipping services in the industry so that you can focus more on your business.

Rail /Tanker / Bulk Pneumatic:

Since Hill and Giffith, our sister company, is a manufacturer, we ship products on rail cars, bulk pneumatic, and tankers. These are specialized freight moves, but our company has been doing these for decades.

Specialized

We have the experience, the equipment, and the dedication to handle any of your freight needs. HG Logistics is small enough to accommodate any needs, but big enough to get the job done.
